Learning at Home TEACHER SUPPORT AND COMMUNICATION

Dear Parent and Guardians,

It has always been an important goal set by Kahla Middle School to ensure that all our students achieve academic success. We would like to continue to provide opportunities for all students to engage in learning while at home. We ask that you continue to check the district website for important details and to gain access to all Learning at Home curriculum.

Our teachers are eager to interact and communicate with our Kahla Knights. As we move forward and adapt to these temporary circumstances, we would like for all parents and students to be aware of their teachers' digital platforms for communication and support. If your student requires further clarity with the curriculum provided by the district, our teachers are available through the various platforms shared below.

We know that nothing can replace in-person instruction and interaction with our students. We ask that you continue to support by keeping your student engaged through the suggested daily learning schedule provided by the district. If you have any questions for our teachers, feel free to email them directly.

Sincerely,

Virgil Maddox

Principal
